Larry VandenBrink's Dinner Gala

CYSTIC FIBROSIS FOUNDATION

Featuring Chef Vitaly Paley

October 10, 2019
5:00 pm

Portland Art Museum
1219 SW Park Ave
Portland, OR 97205

https://events.cff.org/ordinnergala

Portland chef and restaurateur Vitaly Paley is both a leader and a trailblazer in the American culinary scene. A James Beard Award winner for Best Chef Pacific Northwest and winner of Food Network's "Iron Chef America," the Russian-born, New York City-raised and French-trained chef has been instrumental in defining regional Northwest cuisine.

Chef & Owner of:

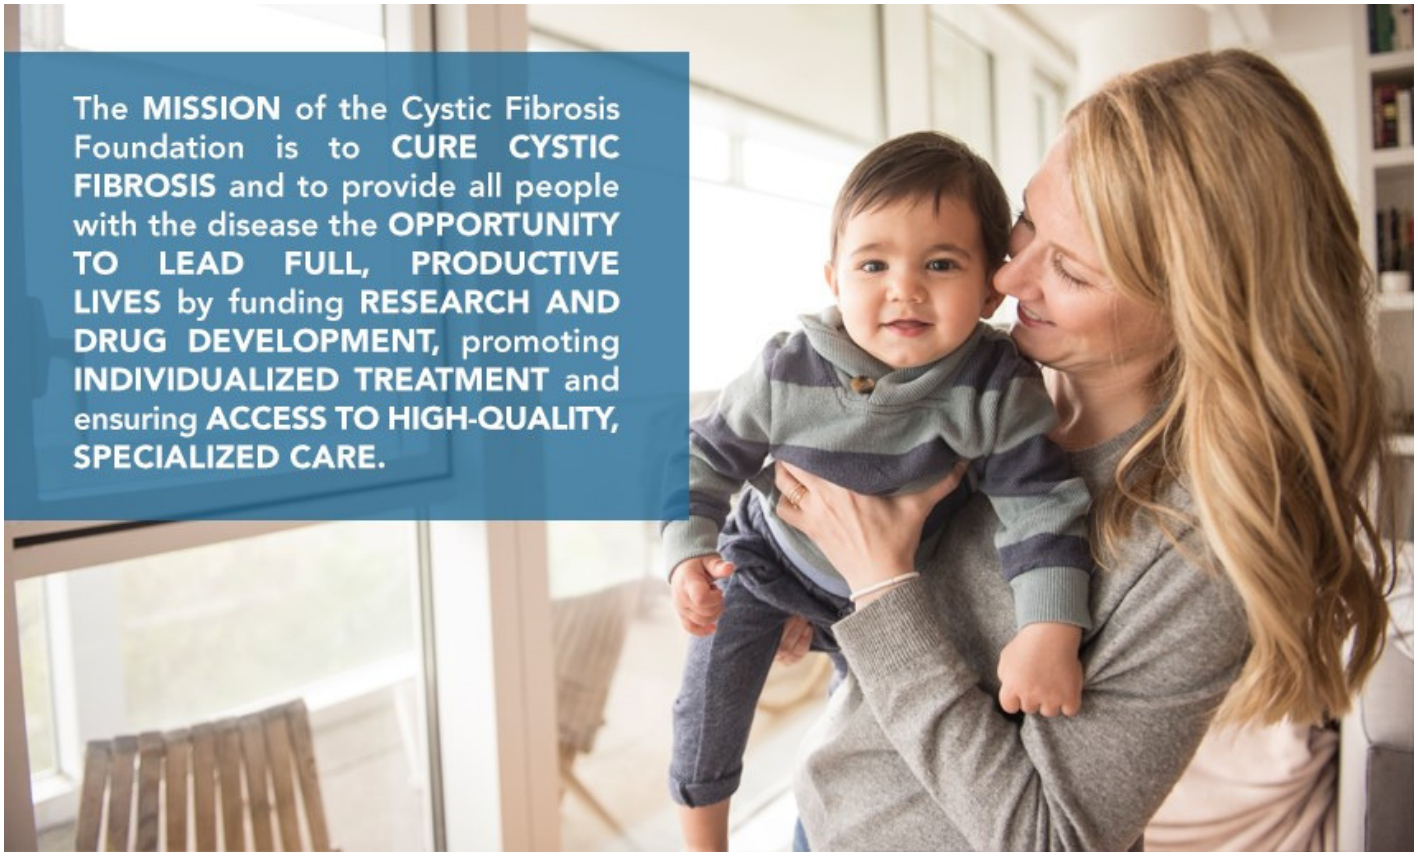
Paley's Place
Imperial
The Crown
Headwaters
Rosa Rosa

Join us this year as we celebrate 22 years of Larry VandenBrink's Dinner Gala, Oregon & SW Washington's annual black-tie dinner & auction supporting the Cystic Fibrosis Foundation.

Experience critically-acclaimed Chef Vitaly Paley's unmatched creativity as he prepares a soul-filled four-course dinner paired with incredible local wines.

During the evening, you'll sip on signature cocktails, amazing local wines, and taste delicious hors d'oeurvres, while you peruse silent auction items at the reception and enjoy a live auction filled with unique and exciting experiences.

Our Dinner Gala will be held at the beautiful Portland Art Museum and attended by the Cystic Fibrosis Foundation's most generous supporters, including top corporate, medical, and community leaders.



Important Note on Attendance at Foundation Events: To reduce the risk of getting and spreading germs at CF Foundation-sponsored events, we ask that everyone follow basic best practices by regularly cleaning your hands with soap and water or with an alcohol-based hand gel, covering your cough or sneeze with a tissue or your inner elbow and maintaining a safe 6-foot distance from anyone with a cold or infection.

Medical evidence shows that germs may spread among people with CF through direct and indirect contact, as well as through droplets that travel short distances when a person coughs or sneezes. These germs can lead to worsening symptoms and speed decline in lung function. To further help reduce the risk of cross-infection, the Foundation's attendance policy recommends inviting only one person with CF to an indoor Foundation-sponsored event at a specific time.

ABOUT THE CYSTIC FIBROSIS FOUNDATION

Founded in 1955, the Cystic Fibrosis Foundation is the world's leader in the search for a cure for cystic fibrosis. The Foundation was started by parents desperate to save their children's lives. Their relentless and impassioned determination to prolong life has resulted in tremendous strides over the past 60 years in accelerating innovative research and drug development, as well as advancing care and advocacy. Virtually every approved cystic fibrosis drug therapy available now was made possible because of the Foundation and its supporters. Still, we believe no one should have to die at a young age. We will not rest until we have a cure for all people living with CF.

ABOUT CYSTIC FIBROSIS

Cystic fibrosis is a rare, genetic, life-shortening disease that affects every organ in the body and makes breathing difficult. Some people with the disease say it's like breathing through a narrow straw. In people with CF, a defective gene causes a thick buildup of mucus in the lungs, pancreas and other organs. In the lungs, the mucus clogs the airways and traps bacteria, leading to life-threatening lung infections. Sixty years ago, most children did not live long enough to attend elementary school, but thanks to Foundation-based research and care, the median survival age of people with CF is now about 40.

While people with CF are living longer than in the past, we still lose precious young lives every day.

Sponsorship Opportunities

(*tax deductible)

	Premier Sponsor $20,000 ($18,144*)	Presenting Sponsor $10,000 ($8,144*)	Make a Difference Sponsor $5,000 ($4,072*)
Two reserved tables with signage (16 seats)	✓	✓

Individual Ticket

$200

($84*)

Bid for a Cure

Can't make it to our event? Bid for a Cure is a fully tax deductible opportunity to give directly to the Cystic Fibrosis Foundation and your chance to help support research for a cure.

Drugs that treat the genetic cause of CF are rapidly becoming available to more individuals as a result of the Foundation's efforts. There are now two FDA-approved therapies that treat the basic defect in cystic fibrosis for more than half of the population. Perhaps most exciting, more and more people will be helped by these treatments in coming years. In fact, by 2026, we expect that close to 95 percent of people with CF will benefit from similar drugs.

The Cystic Fibrosis Foundation has unrestricted financial reserves of about 10 times its 2019 budgeted expenses, following a one-time royalty sale in 2014. These funds, along with the public's continuing support, are needed to help accelerate our efforts to pursue a lifelong cure for this fatal disease, fund development of new therapies and help all people with CF live full, productive lives.
