IDF WALK FOR PRIMARY IMMUNODEFICIENCY 2020

National Presenting Sponsor Takeda

WALK FOR A GREAT CAUSE

Living with a primary immunodeficiency (PI) can come with challenges — whether it's finding accurate information about your diagnosis, fighting for coverage of your lifesaving treatment, or simply connecting with someone who understands what you're going through.

Join the Immune Deficiency Foundation (IDF) today and create an IDF Walk for PI team virtually. Play games, raise funds, make an impact on others, and then join IDF on your Virtual Walk Day via Zoom. Hear from inspirational guest speakers, participate in a fun warm-up, play games, listen to music to get you moving, and more.

Support advocacy, education, and research initiatives that improve the quality of life for those affected by PI. Register now at **www.walkforpi.org.**

DES MOINES VIRTUAL WALK DAY

SATURDAY, OCTOBER 3, 2020
