THE HOTLINE GAME

INSTRUCTIONS FOR YOUR EYES ONLY!

General Instructions:
Make sure the group reads the instructions for participants before they start, so they will have an understanding of how it works and what the goal is.
*This is optional, but it makes it more exciting if the group receives a treat at the end, like popcorn, ices, etc.
*Also optional, but you might want to time how long it takes them to reach the “finish line”

These instructions indicate where to hide each set of clues.

The Hotline Game

Instructions for Participants:

You Need: A phone, TEAMWORK, and your brain!

Objective: To solve all the clues and reach the "finish line" as quickly as possible!

How it works:

❖ You will start off with a set of clues.
❖ When you solve the clues, you will find out a phone number. This is the first hotline you will call.
❖ However, you will need the access code to access the message on the hotline.
❖ So, continue working on this set of clues until you figure out the access code.
❖ Once you have the phone number and the access code, call the hotline!
❖ By listening to the message, try to solve the riddle, leading you to the location of the next set of clues.
❖ Solve these clues to hear the message on the next hotline.
❖ Keep going until you call all 4 hotlines and reach the end!

Good luck!
