A PROJECT OF
Chai Lifeline

Children who are sick need more than doctors and medicine to feel better. They need laughter and fun in their lives. Their parents and siblings need things to smile about, too.

Chai Lifeline's recreational programs, trips, weekend adventures and Camp Simcha/ Camp Simcha Special give children and their families the tools to remain happy and hopeful throughout the long months and years of a child's illness.

Since the onset of COVID-19, Chai Lifeline has experienced a growing demand for its essential programs and services. CLL staff and volunteers have been working tirelessly to help children with serious illness and their families, as well as the broader community, cope with the challenges of this global health and economic crisis.
