Great Bike Giveaway

Special Bikes For Special Kids

the Contest

For the **12th** consecutive year, Friendship Circle is holding the Great Bike Giveaway, a national campaign in which children with special needs can win their very own adaptive bike. We are partnering with adaptive bike companies from around the United States to provide some of the best adaptive bikes to the children and young adults who need them most.

Adaptive bikes provide more than just good times and exercise. These bikes enable a child with special needs to feel like they belong. A boost of self-confidence, freedom, and pride is essential for all children and especially those with special needs.

We are so grateful for our previous and present partners, who have helped make the dream of owning a special bike possible for so many special needs families. Please join us in **2023** to give this essential gift to hundreds of children with special needs.

How It Works

Friendship Circle works with adaptive bike companies from around the world to provide adaptive bikes to children and teens with special needs. The Great Bike Giveaway provides three ways a child can receive a bike.

3 Ways To Win

1. Bike Raffle

Anyone who receives 50 votes or more will automatically be entered into a drawing for the bike they selected when registering.

2. Most Votes

The registrant with the most votes in their selected bike category will receive a free adaptive bike that they selected.

3. Fundraising Campaign

If a registrant does not have the most votes, or they do not win in the drawing they can fundraise to receive a bike. Friendship Circle works with adaptive bike companies to secure discounted pricing and provides a fundraising platform, making it easier for families to raise money for a bike.
