

2019 FESTIVALE

AUCTION DONATION LETTER

Dear Donations Coordinator,

On **Friday, October 11, 2019**, the Cystic Fibrosis Foundation - Greater Illinois Chapter will host their **13th Annual FestivAle** at **Artifact Events** located in Chicago's Ravenswood neighborhood. FestivAle brings together over 350 beer enthusiasts to sample handcrafted, high-end beers from the Midwest's finest brewers. Participants will also enjoy tasty bites from local restaurants, live entertainment, festival themed games, and more!

A highlight of this annual craft beer event is the premier silent auction and we are asking for your support. **Please consider donating an item, package, service, or experience to the FestivAle auction.** Your generous contribution is fully tax-deductible and will be recognized within event auction displays, as well as on a mobile bidding site.

Funds raised at FestivAle will go to support the Cystic Fibrosis Foundation's mission to **CURE** cystic fibrosis and to provide **ALL** people with the disease the opportunity to lead full, productive lives by funding research and drug development, promoting individualized treatment, and ensuring access to high-quality, specialized care.

Sixty years ago, most children did not live long enough to attend elementary school. Today, thanks to advancements made possible by supporters like you, the median survival age of people with CF is now into the 40s. While great progress had been made, there is still work to be done. We will not stop until CF stands for Cure Found.

On behalf of all those living with CF, we thank you in advance for your contribution to the 13th Annual FestivAle and your willingness to make a difference. **Please send your completed auction form and any items to the address below no later than, September 27, 2019.**

Sincerely,

Hannah Klinnert

The Cystic Fibrosis Foundation has unrestricted financial reserves of about 10 times its budgeted 2019 annual expenses, following a one-time royalty sale in 2014. These funds, along with the public's continuing support, are needed to help accelerate our efforts to pursue a lifelong cure for this fatal disease, fund development of new therapies and help all people with CF live full, productive lives.
