The mission of the Cystic Fibrosis Foundation is to cure cystic fibrosis and to provide all people with the disease the opportunity to lead full, productive lives by funding research and drug development, promoting individualized treatment, and ensuring access to high-quality, specialized care.

Charlotte, 7, has CF

THE CYSTIC FIBROSIS FOUNDATION,

Leading the way

ABOUT THE CYSTIC FIBROSIS FOUNDATION

Founded in 1955, the Cystic Fibrosis Foundation is the world's leader in the search for a cure for cystic fibrosis. The Foundation was started by parents desperate to save their children's lives. Their relentless and impassioned determination to prolong life has resulted in tremendous strides, and this year we celebrate 65 years of accelerating innovative research and drug development, as well as advancing care and advocacy. Virtually every approved cystic fibrosis drug therapy available now was made possible because of the Foundation and its supporters. Still, we believe no one should have to die at a young age. **We will not rest until we have a cure for *all* people living with CF.**

ABOUT CYSTIC FIBROSIS

Cystic fibrosis is a rare, genetic, life-shortening disease that affects every organ in the body and makes breathing difficult. Some people with the disease say it's like breathing through a narrow straw. In people with CF, a defective gene causes a thick buildup of mucus in the lungs, pancreas, and other organs. In the lungs, the mucus clogs the airways and traps bacteria, leading to life-threatening lung infections. Sixty-five years ago, most children did not live long enough to attend elementary school, but thanks to Foundation-based research and care, people with CF are now living into their 40s.

While people with CF are living longer than in the past, we still lose precious young lives every day.

Desi and her mom, Jamie

MEET DESI

After learning that their 10-day-old daughter, Desi, was diagnosed with cystic fibrosis, Jamie and her husband Ross resolved that they would do all they could to share her story and find a cure.

“We went into warrior mode,” said Jamie. “We made a promise that we would do everything possible, in any way possible, to help her thrive, survive, and live the dreams that she decides she wants to live.”

But we’re not done, and we won’t stop fighting until there is a cure for Desi and for *all* people living with CF.

Despite tremendous progress, we are not yet done. Our story will not be finished until we find a cure for all people with CF

A CURE FOR ALL

There are now four FDA-approved therapies that treat the underlying cause of CF and more than 25 potential new medications in the CF research pipelines.

Yet, we are not done. Not everyone can benefit from current therapies, so we are committed to exploring all science that has real potential to deliver a cure. We know that no pace is fast enough when you or your loved one are living with the challenges of CF. Advances in new gene-based technologies represent an unprecedented opportunity to end CF as we know it. This will take many years and sustained investment. That’s why community support remains vital.

Together, we can make CF stand for Cure Found.

Your involvement matters as much as ever before to reach our goal towards a cure.

cures exist for cystic fibrosis.

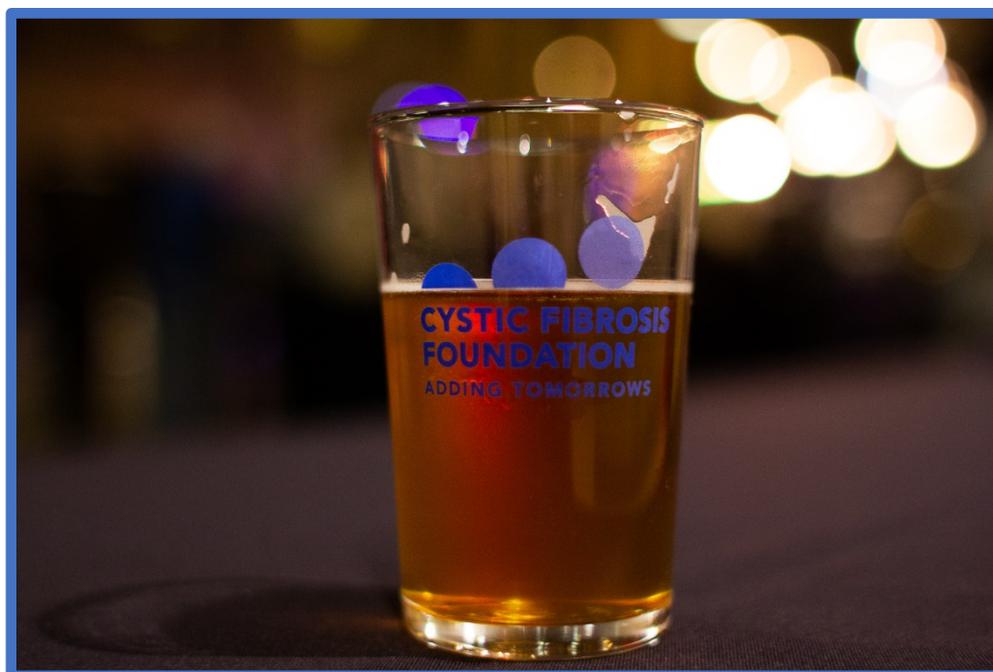

12th Annual FestivAle

Sponsorship

FestivAle brings together beer enthusiasts to sample handcrafted, high-end beers from the Midwest's finest brewers in support of the Cystic Fibrosis Foundation - Gateway Chapter!

This is our 12th Annual FestivAle and we continue to grow each year through attendees, participating brewers and restaurants, as well as money raised.

This sponsorship supports the mission of the CF Foundation; to cure cystic fibrosis and to provide all people with the disease the opportunity to lead full, productive lives by funding research and drug development, promoting individualized treatment and ensuring access to high-quality, specialized care.

“As we continue to take bold steps toward our ultimate goal of a cure, we remain deeply committed and determined to translating research into new treatments, improving care at our CF care centers nationwide, and increasing access to lifesaving therapies for all people with CF. They are at the heart of all that we do. And together, our community will do great things.”

– Preston W. Campbell, III, M.D. President & Chief Executive Officer

MAKE A DIFFERENCE – JOIN US

We invite you to be a part of this year's event and join us in celebrating the craft beer community by supporting the Cystic Fibrosis Foundation and the 12th Annual FestivAle as an event sponsor.

St. Louis, MO 63105

As of December 31, 2019, the Cystic Fibrosis Foundation, a 501(c)(3) nonprofit organization, had unrestricted financial reserves of about 11 times its budgeted 2020 expenses, following a royalty sale in 2014. The sale was made possible by the Foundation's successful venture philanthropy model, through which we have raised and invested hundreds of millions of dollars to help discover and develop breakthrough CF therapies. This and any future revenue from our model is reinvested into the CF Foundation's mission to cure cystic fibrosis and to provide all people with CF the opportunity to lead long, fulfilling lives.
