

New York City *Will* End AIDS!

Dear Neighbor,

My name is _____ and I live in Apt. _____.

On Sunday, May 17, I will be joining thousands of other compassionate, caring neighbors who are committed to supporting people living with HIV/AIDS, and raising awareness to prevent and end the spread of HIV in New York City.

While we have come a long way since the AIDS epidemic of the 1980's, the fight is not yet over! Thousands of our community members continue to rely heavily on the services provided by GMHC, AIDS Hyacinth Foundation, and dozens of other tri-state AIDS service organizations. By supporting AIDS Walk New York, you directly empower our neighbors in need. As one client shares, "GMHC has been my lifeline—to friends, resources, vital support and opportunities to give back through volunteering. I look at my life with profound appreciation, having known what it feels like to nearly die and come back." Let's ensure that everyone in our community has access to a life of health and wellness.

Please consider sponsoring me in this important fight!
