

CREATE YOUR VERY OWN...

# BUTTERFLY CUT-OUT!

## HERE'S WHAT YOU CAN DO:

### 1) Give your butterfly its wings!

Cut along the dotted line on the outer edge of the butterfly to separate it from the background of the paper.

### 2) Make it your own!

Decorate your butterfly with whatever you have around the house. It could be with glitter glue, googly eyes, or just simply crayons.

### 3) Watch it fly!

Add a stick onto it so you can hold it up on your walk! Or, if you prefer, you can attach it to your hat or shirt with safety pins.

### 4) See your creation flutter!

When your masterpiece is complete, share it on social media by using the hashtag #sunrisewalks and don't forget to tag @SunriseDayCamp-PearlRiver

Cut along this red dotted line
