Community Walk

Sponsorship Opportunities

An initiative of the Immune Deficiency Foundation

TOGETHER...
We Are Strong!

Immune Deficiency Foundation | 100 West Rd. Suite 300 Towson, MD 21204 | 410-321-6647 | www.walkforPI.org
The Immune Deficiency Foundation (IDF) Walk for Primary Immunodeficiency brings together a passionate community to promote awareness of primary immunodeficiency (PI) diagnoses and raise funds to help those affected by these rare, chronic diseases. Held across the country, the walks support vital IDF programs and services, power research to help the next generation and increase awareness to advance early diagnosis and proper treatment.

IDF Walk for PI has raised

MORE THAN $4 MILLION

since the first walk in 2013.

We have three different types of walk series available to sponsors: National, Regional and Community Walks. All three are equally important to the overall success of IDF Walk for PI. They are, however, planned and led by different members of the IDF community, and they vary in size.

**National**
Organized by IDF staff with volunteer support

**Regional**
Organized by both IDF staff and volunteers

**Community**
Organized by IDF volunteers

For a list of currently scheduled walk locations and more information about the events, go to www.WalkForPI.org
Community Walk Sponsors can choose to support the emerging walks in the cities that suit their needs. Community Walks are volunteer-led and smaller in scale, therefore, the benefits vary from that of National and Local Walk Sponsors.
