

January 14, 2021

Dear Friend:

In this unprecedented moment, the Cystic Fibrosis Foundation is more committed than ever to advancing our mission to cure cystic fibrosis. Due to COVID-19, the CF Foundation's Central/Eastern Carolinas Chapter has decided to make our 2021 An Evening with Master Chefs virtual. Although we will not be able to be together in person, we are hoping you will consider supporting us in our efforts to help make a difference in the lives of those with CF.

Supporters like you are the reason the Foundation has made incredible progress over the past 65 years for those living with cystic fibrosis. Yet, we are far from done.

We will come together virtually on March 25, 2021 in support of our mission and are planning an auction to raise funds. We hope that you will consider donating a gift certificate to assist with our fundraising efforts.

While the Foundation's unwavering focus on cystic fibrosis research has resulted in more than 15 approved therapies and added decades of life for people with CF – our most challenging and important work is ahead of us. It will take sustained investment to develop therapies and ultimately a cure for all those with CF.

Thank you in advance for your consideration. Every bit counts! I hope you will consider supporting the 25th Annual An Evening with Master Chefs.

Warmest regards,

Marla Dansky
Senior Development Director
Central/Eastern Carolinas Chapter

The Cystic Fibrosis Foundation, a 501(c)(3) nonprofit organization, has unrestricted financial reserves of about 12 times its budgeted 2021 expenses. These reserves are a result of the Foundation's successful venture philanthropy model, through which we have raised and invested hundreds of millions of dollars to help discover and develop breakthrough CF therapies. With this model, we have received and may receive milestone-based payments, equity interests, royalties on the net sales of therapies, and/or other forms of consideration. These funds and any future revenue from our model are reinvested into the CF Foundation's mission to cure cystic fibrosis and to provide all people with CF the opportunity to lead long, fulfilling lives.
