

## HOW TO ENTER OFFLINE DONATIONS

1. Log in to your Participant Center and select "Reports".
2. Click "Add Offline Donations".

3. Enter donation information, including if it's cash, a check, or a pledge (meaning promises to donate to your cause).

Please Note: All offline donations will immediately count towards your online goal. However, to be qualified for incentives, you will need to have your check verified by IDF. Checks mailed prior to the walk will take up to two weeks to be verified.

If a donation is entered in error, you will be able to delete it if it is unverified.
