leading the way

ABOUT THE CYSTIC FIBROSIS FOUNDATION

Founded in 1955, the Cystic Fibrosis Foundation is the world's leader in the search for a cure for cystic fibrosis. The Foundation was started by parents desperate to save their children's lives. Their drive and determination to prolong life has resulted in tremendous strides, accelerating innovative research and drug development, as well as advancing care and advocacy. People with CF are now reaching milestones once thought not possible. Yet not everyone can benefit from existing treatments. We believe every person with CF should have the chance to live a long, healthy life – a life free of cystic fibrosis. **Together, we will make CF stand for Cure Found.**

ABOUT CYSTIC FIBROSIS

Cystic fibrosis is a rare, genetic, life-shortening disease that affects every organ in the body and makes breathing difficult. Some people with the disease say it's like breathing through a narrow straw. In people with CF, a defective gene causes a thick buildup of mucus in the lungs, pancreas, and other organs. In the lungs, the mucus clogs the airways and traps bacteria, leading to life-threatening lung infections. Today, children who once would not have lived long enough to attend elementary school are growing up into adults, graduating from college, pursuing careers, having children of their own. Thanks to Foundation-based research and care, many people with CF are now living into their 30s, 40s, and beyond.

We are driven by a dream that one day – every person with cystic fibrosis will have a chance to live a long, healthy life.

Desi and her mom, Jamie

MEET DESI

After learning that their 10-day-old daughter, Desi, was diagnosed with cystic fibrosis, Jamie and her husband Ross resolved that they would do all they could to share her story and find a cure.

“We went into warrior mode,” said Jamie. “We made a promise that we would do everything possible, in any way possible, to help her thrive, survive, and live the dreams that she decides she wants to live.”

But we’re not done, and we won’t stop fighting until there is a cure for Desi and for all people living with CF.

Our vision is a cure for 100 percent of people living with cystic fibrosis – we will not leave anyone behind.

A CURE FOR ALL

The Cystic Fibrosis Foundation has developed more than 10 treatments – an unprecedented number in a short span of time – adding decades of life to those with CF. Thanks to this work, the life expectancy of someone born with CF has doubled in the last 30 years.

Yet, we are not done. Not everyone can benefit from current treatments, so we must find a cure. We know that no pace is fast enough when you or your loved one are living with the challenges of CF. Advances in new gene-based technologies represent an unprecedented opportunity to end CF as we know it. Investing the assets we have today in research, while raising more donations for tomorrow, will ensure we have the resources to reach the finish line. You are an important part of our progress.

With your support we are confident that one day – not one person will lose a child, sibling, parent, or friend to cystic fibrosis. You have an opportunity in your lifetime to be part of defeating this terrible disease

ABOUT LARRY VANDENBRINK'S DINNER GALA

Our virtual events offer a fantastic opportunity to unify our community in support of those with cystic fibrosis, as well as play a key role in helping us achieve our fundraising goal.

While we won't be together in person, we can be together in spirit—showing the strength of our community and boundless determination to find a cure for all people living with CF. Our virtual events bring together thousands of community members across the country. During times of uncertainty, your dedicated support gives us confidence as we stay on course to achieve our mission.

This sponsorship supports the mission of the CF Foundation; to cure cystic fibrosis and to provide all people with CF the opportunity to lead long, fulfilling lives by funding research and drug development, partnering with the CF community, and advancing high-quality, specialized care.

While we had hoped to be "Together Again" at the Portland Art Museum this year, plans have changed for the safety of all of our guests, volunteers, vendors and staff. This year's Larry VandenBrink's Dinner Gala will still feature incredible profiles of local CF fighters, amazing auction items to bid on, and even a unique at-home dining experience to pair with the virtual program.

Just as people with cystic fibrosis persevere daily through all the challenges that come with CF, we will do the same as we alter course for the 2021 Larry VandenBrink's Dinner Gala. We ask that you continue to persevere with us as we push forward for another wonderful virtual gala.

The Cystic Fibrosis Foundation, a 501(c)(3) nonprofit organization, has unrestricted financial reserves of about 12 times its budgeted 2021 expenses. These reserves are a result of the Foundation’s successful venture philanthropy model, through which we have raised and invested hundreds of millions of dollars to help discover and develop breakthrough CF therapies. With this model, we have received and may receive milestone-based payments, equity interests, royalties on the net sales of therapies, and/or other forms of consideration. These funds and any future revenue from our model are reinvested into the CF Foundation’s mission to cure cystic fibrosis and to provide all people with CF the opportunity to lead long, fulfilling lives.
