

## 2024 SPONSORSHIP OPPORTUNITIES

**Nebraska Chapter | April 19, 2024**

<https://events.cff.org/hopebrews>

## OUR MISSION

The mission of the Cystic Fibrosis Foundation is to cure cystic fibrosis and to provide all people with CF the opportunity to lead long, fulfilling lives by funding research and drug development, partnering with the CF community, and advancing high-quality, specialized care.

## ABOUT CYSTIC FIBROSIS

Cystic fibrosis is a progressive, genetic disease that causes a thick buildup of mucus in the lungs, pancreas, and other organs and affects people of every racial and ethnic group. In the lungs, mucus clogs the airways and traps bacteria, leading to infections, extensive lung damage, and respiratory failure. While many people with CF have seen transformations in their health because of existing therapies, there are still others who do not benefit, either because they cannot tolerate them, or their specific genetic mutations will not respond.

People living with the disease can face significant challenges, including frequent hospitalizations, complications, and treatment plans that can take multiple hours a day. And, many children and adults with CF still face the sobering prospect of a shortened life span.

## ABOUT THE CYSTIC FIBROSIS FOUNDATION

# DRIVEN BY A DREAM

We are driven by a dream that one day every person with cystic fibrosis will have the chance to live a long, healthy life.

Recognized globally, the Cystic Fibrosis Foundation has led the way in the fight against cystic fibrosis, fueling extraordinary medical and scientific progress:

**12+**

treatments available, four of which address the underlying cause of CF

**40+**

therapies in the drug development pipeline

The CF population in the U.S. is close to **40,000** - an increase over the past decade due in large part to people living longer.

**56 years old**

the median predicted age of survival for a person with CF born today - nearly 20 years longer than a decade ago.

**60%**

of the U.S. population that lives with CF are adults. When the Foundation was founded nearly 70 years ago, children with CF rarely lived to 5 years old.

And yet,  
**0 cures exist**  
for cystic fibrosis.

Our vision is a cure for every person with cystic fibrosis and a life free from the burden of this disease.

We will not leave anyone behind.

**YOU ARE AN IMPORTANT PART  
OF OUR PROGRESS.**

# Hope Brews

The Nebraska Chapter of the Cystic Fibrosis Foundation invites you to our Hope Brews Beer Dinner. This exciting food and beer pairing event will have a unique four course meal paired with beer. Guests will enjoy silent and live auctions and spectacular food with detailed information from the brewmaster about each beer's ingredients, flavors and textures.

This sponsorship supports the mission of the CF Foundation: to cure cystic fibrosis and to provide all people with CF the opportunity to lead long, fulfilling lives by funding research and drug development, partnering with the CF community, and advancing high quality, specialized care.

**April 19, 2024 | 6 - 10pm**  
**Omaha Palazzo, 5110 N 132nd St, Omaha, NE 68164**

## MEET JIMMY

When Jimmy's daughters Katelyn and Stella were diagnosed with cystic fibrosis, he established his annual beer tasting event – Hope Brews – which has shared our mission of curing CF with thousands of people over the last decade.

"Working with the tremendous team at CFF, as well as committee members to create Hope Brews has been the proudest accomplishment of my life. I'm excited to continue growing the event to accomplish the ultimate goal of curing CF."

## OUR COMMITMENT TO DIVERSITY, EQUITY, AND INCLUSION

The Cystic Fibrosis Foundation is committed to fostering equity in CF and confronting the systemic barriers that have contributed to health inequities for many people of color with CF. These efforts are necessary to achieve our mission of finding a cure and providing all people with CF the opportunity to lead long, fulfilling lives.

We are working in close partnership with the community on many efforts to address racial inequities in cystic fibrosis, including:

- Establishing a nationwide newborn screening initiative to improve equity, sensitivity, and timeliness in diagnosing people of color with CF.
- Investing in 35 major industry research programs focused on genetic therapies, increasing our focus on rare and nonsense mutations, which are seen more often among communities of color.
- Reducing barriers to enrollment in clinical trials.

## BENEFITS for your corporation

- Position your brand in local communities to create connections with consumers.
- Highlight your company's commitment to charitable giving through our matching gifts program where employees can meaningfully express their positive workplace culture while making a difference in the lives of those with CF.
- Inspire and motivate your colleagues as they enjoy opportunities to network, unite as one team around a cause, and grow their leadership abilities.
- We are entering a new era in cystic fibrosis, with life-changing new therapies and promising treatments on the horizon. Your organization has an opportunity to make an impact and make medical history by helping end this disease.

"Because of support from organizations like yours, individuals living with CF are achieving dreams for themselves, not limited by their disease. But there is still more work to do. I am confident that together we will continue our remarkable progress and cure cystic fibrosis."

— Michael P. Boyle, MD  
President and Chief Executive Officer

The Cystic Fibrosis Foundation, a 501(c)(3) nonprofit organization, has unrestricted financial reserves of about 10 times the 2023 operating budget. These reserves are largely a result of the Foundation's successful venture philanthropy model, through which we have raised and invested hundreds of millions of dollars to help discover and develop breakthrough CF therapies. These funds and any future revenue from our model are reinvested into the CF Foundation's mission to cure cystic fibrosis and to provide all people with CF the opportunity to lead long, fulfilling lives.
