## OUR MISSION

The mission of the Cystic Fibrosis Foundation is to cure cystic fibrosis and to provide all people with CF the opportunity to lead long, fulfilling lives by funding research and drug development, partnering with the CF community, and advancing high-quality, specialized care.

## ABOUT CYSTIC FIBROSIS

Cystic fibrosis is a progressive, genetic disease that causes a thick buildup of mucus in the lungs, pancreas, and other organs and affects people of every racial and ethnic group. In the lungs, mucus clogs the airways and traps bacteria, leading to infections, extensive lung damage, and respiratory failure. While many people with CF have seen transformations in their health because of existing therapies, there are still others who do not benefit, either because they cannot tolerate them, or their specific genetic mutations will not respond.

People living with the disease can face significant challenges, including frequent hospitalizations, complications, and treatment plans that can take multiple hours a day. And, many children and adults with CF still face the sobering prospect of a shortened life span.

## ABOUT THE CYSTIC FIBROSIS FOUNDATION

# DRIVEN BY A DREAM

We are driven by a dream that one day every person with cystic fibrosis will have the chance to live a long, healthy life.

Recognized globally, the Cystic Fibrosis Foundation has led the way in the fight against cystic fibrosis, fueling extraordinary medical and scientific progress:

**12+**  
treatments  
available, four of  
which address  
the underlying  
cause of CF

**40+**  
therapies in the  
drug development  
pipeline

The CF  
population  
in the U.S. is close to  
**40,000** - an increase  
over the past decade  
due in large part to  
people living  
longer.

**56 years old**  
the median predicted  
age of survival for a  
person with CF born  
today - nearly 20 years  
longer than a  
decade ago.

**60%**  
of the U.S.  
population that lives  
with CF are adults.  
When the Foundation was  
founded nearly 70 years  
ago, children with CF  
rarely lived to  
5 years old.

And yet,  
**0 cures exist**  
for cystic fibrosis.

Our vision is a cure for every person with cystic fibrosis and a life free from the burden of this disease.

We will not leave anyone behind.

**YOU ARE AN IMPORTANT PART  
OF OUR PROGRESS.**

# CF Golf Classic

CYSTIC FIBROSIS FOUNDATION

offers a fantastic opportunity to get your company involved in support of those with cystic fibrosis and play a key role in helping us defeat this terrible disease.

For those living with CF, the day they participate in the 8th annual CF Golf Classic in memory of Larry Volan is often viewed as one of the most meaningful days of their year. It's the day that their community of co-workers, friends, and family grab their clubs and drive for a cure for one primary reason – to find a cure for cystic fibrosis.

We invite you to be part of this year's event both on the golf course and off as we celebrate milestones made possible by your continued involvement.

## OUR COMMITMENT TO DIVERSITY, EQUITY, AND INCLUSION

The Cystic Fibrosis Foundation is committed to fostering equity in CF and confronting the systemic barriers that have contributed to health inequities for many people of color with CF. These efforts are necessary to achieve our mission of finding a cure and providing all people with CF the opportunity to lead long, fulfilling lives.

We are working in close partnership with the community on many efforts to address racial inequities in cystic fibrosis, including:

- Establishing a nationwide newborn screening initiative to improve equity, sensitivity, and timeliness in diagnosing people of color with CF.
- Investing in 35 major industry research programs focused on genetic therapies, increasing our focus on rare and nonsense mutations, which are seen more often among communities of color.
- Reducing barriers to enrollment in clinical trials.

# BENEFITS for your corporation

- Position your brand in local communities to create connections with consumers.
- Highlight your company’s commitment to charitable giving through our matching gifts program where employees can meaningfully express their positive workplace culture while making a difference in the lives of those with CF.
- Inspire and motivate your colleagues as they enjoy opportunities to network, unite as one team around a cause, and grow their leadership abilities.
- We are entering a new era in cystic fibrosis, with life-changing new therapies and promising treatments on the horizon. Your organization has an opportunity to make an impact and make medical history by helping end this disease.

“Because of support from organizations like yours, individuals living with CF are achieving dreams for themselves, not limited by their disease. But there is still more work to do. I am confident that together we will continue our remarkable progress and cure cystic fibrosis.”

– Michael P. Boyle, MD  
President and Chief Executive Officer
