The **NKF Miami Golf Classic** will be held on **Friday, May 3, 2024 at the Jacaranda Golf Club, Plantation, FL** with **Casino Night at the “W” Hotel kicking off the tournament on Thursday night, May, 2, 2024.** Our golf committee is working hard at making sure the Miami Golf Classic is a success. Our committee is spearheaded by a group of veteran fundraisers that have a world of experience in successful golf events. We are sure this year’s event will be a hit and we want you to join us!

The funds raised at this event are vital to support programs including Direct Patient Aid, Education, and our free KEEP Healthy Kidney Screenings for at risk individuals. Every dollar raised, is put right back into your community. Everything you need to sponsor and register is enclosed, including the **Intent to Sponsor** and **Golfer Registration Form**. This is a great platform for your brand, product exposure and/or logo placement. This is one of the top tournaments in the country for the National Kidney Foundation and we hope to keep it that way!

Qualifying teams will receive an invitation to participate in the National Finals at the Pebble Beach Resort in California with other tournament winners from around the country in January, 2025.

We look forward to your participation and support. Our **NKF Miami Golf Classic** committee is excited about this year’s event and will anxiously wait to hear back from you. Please email or call Barbara Chatman at bchatman@kidneyfla.org or 954-947-4033 with any questions or further information you may need to be part of this great event. You can also contact our committee members for details.

Sincerely,

Barbara Chatman

The National Kidney Foundation, a major voluntary 501(c)(3) nonprofit health organization, is the leading organization in the U.S. dedicated to the awareness, prevention and treatment of kidney disease for hundreds of thousands of healthcare professionals, millions of patients and their families, and tens of millions of Americans at risk. One in nine or more than 37 million Americans – suffer from kidney disease; most do not even know they are at risk. 95,000 Americans die of renal disease every year. Currently the National Kidney Foundation of Florida spends 83% of all revenue generated by these golf events on patient services and programs including organ donation, renal transplantation and direct aid to those patients in need.
